

Attention All Assateague Pointe Homeowners:

Please check your home and **property** here at the Pointe. As you probably know the effects of Hurricane Wilma were felt here. We have several homes missing shingles and skirting damage, tree branches and debris strewn about. Neil and the grounds crew have taken care of some of the damage.

Please Be Aware that when you run out of **propane**, that the propane Company has to completely turn off the gas line. So please make sure your propane company knows they can get a key from the front office to be able to light pilots if this happens this year.

Resort Housing will not be able to do **Winterization** this year. They have a plumber that will do this service for you and the company is

WALKER PLUMBING

P.O. Box 1852

Ocean City, MD. 21843 (410)-250-1189

NOTICE FOR BOAT STORAGE AREA:

This year there is a big demand for the boat storage area. I have 24 people who need a spot. If you don't need your space, Please contact Valerie @410-641-1671 ASAP. Please get your storage area paid for before the deadline. They will be given to another person if not paid for on time.

A MESSAGE FROM YOUR FRIENDLY ECC

**To all the homeowners who kept up the appearances of
Their lots and followed the guidelines of the community.**

If you have a gazebo in your courtyard, please take the canvas off before it rips and/or does damage to your neighbors property. We have already called numerous owners about this type of damage including awnings.

The fall season is a great time to trim trees and bushes that have gotten too big over the years. Please make sure they are not intruding on your neighbors lot or hitting their house...

REMEMBER, if you come down during the off season, the same guidelines apply: i.e. pick up after your dog, **ONLY** licensed drivers to drive golf carts. **REMINDER** Any changes to the outside of your property needs ECC approval. Stop by the office for a form, call or print one off our web site. @www.assateaguepointe.com
